

Independent Verification Services

P.O. Box 9272

Waikato Mail Centre

**HAMILTON 3240**

To whom it may concern

RJ's Licorice Ltd has been using the expertise of Independent Verification Services for approximately two years.

Their involvement with our company has been to supply the training and compliance requirements that need to be met to run a MAF Transitional Facility.

We have found their level of experience and professionalism to be excellent and they have always delivered our requirements in a timely and efficient manner. Their training programmes have been thorough and staff found the training to be informative and practical.

As a result of our partnership with IVS we have recently had our MAF audit period extended to 18 months as a reflection of being a "well maintained facility".

I have no hesitation in recommending IVS as a quality supplier and look forward to our continuing partnership.

Sean Wilde
